\*By enrolling in the Takeda Oncology Co-Pay Assistance Program (the "Program"), you acknowledge that you currently meet the eligibility criteria and will comply with the following terms and conditions:

You must be at least 18 years old, a resident of the United States or a US Territory, and have commercial (private) prescription insurance that does not cover the entire cost of the medication. Patients who become eligible for or start using government insurance will no longer be eligible for the Program. The Program is not valid if the entire cost of your prescription is reimbursable by a private insurance plan or other private health or pharmacy benefit programs. You are responsible for reporting receipt of Program assistance to any insurer, health plan, or other third party who pays for or reimburses any part of the medication cost, as may be required.

You agree that you will not submit the cost of any portion of the product dispensed pursuant to this Program to a federal or state healthcare program (including, but not limited to, Medicare, Medicare Advantage, Medicaid, TRICARE, VA, DOD, etc.), for purposes of counting it toward your out-of-pocket expenses, and to notify Takeda Oncology Here2Assist™ if you become eligible for a federal or state healthcare program. This Program is valid for 12 months, and your co-pay card may be renewed every 12 months, subject to continued eligibility.
